

Assignment 3: UTMDigital Visits Reflection

Name: Izz Haeil bin Hamishamsul (A23CS0088)

My visit to UTMDigital was a valuable experience that offered interest into the practical applications of the course material. This visit left a long-lasting impression on my overall learning journey in this course. The fact that the visit left a lasting impression indicates the significance of the experience. It's not just about acquiring knowledge but about creating a memorable and impactful learning experience that continues to influence my understanding and approach to the subject matter.

Beyond the academic aspect, such visits often provide opportunities for networking and exposure to industry professionals. Interacting with experts in the field can offer insights, advice, and potential avenues for future collaboration or employment. Visiting UTMDigital more likely served as a bridge between theoretical concepts learned in the classroom and their practical implementation in a professional setting. This connection is crucial for me as a student to see the relevance and application of what I study to have a better vision and perspection.

In summary, experiences like the visit to UTMDigital play a vital role in education by providing practical insights, fostering interest, leaving lasting impressions, and connecting theoretical knowledge to real-world applications.
